

Eversource Hartford Marathon, Half Marathon, Team 26.2 Relay & Charity 5k October 10, 2026

WHY SUPPORT ACHILLES CONNECTICUT?

The mission of Achilles International is to transform the lives of people with disabilities through athletics and social connection. At Achilles Connecticut, we do this by pairing athletes with disabilities and medical conditions with volunteer guides who train and race alongside them, every mile!

This support helps athletes build confidence, set goals, and break through barriers—on the course and in life. From 5Ks to marathons, every athlete's journey is fueled by courage and strengthened by community.

The sponsorship levels below offer companies and individuals a chance to lead with purpose. Your support provides training, equipment, and race access for over 100 athletes statewide, while offering opportunities for meaningful staff or team engagement.

Support Achilles...together, we go farther.
